Dear Folks; -

Just a few lines as while
I have time to let you know
that we are on our last
stretch to camp and in
about a week we will be
there, and from there on
I'll write every week.

I'm sending the letter that
you sent and the second
box and believe me the
chocolates were great and
American cigarettes are
too.

Don't worry about me even

2

if letters are scarce we
have no time to write and
am writing this while I am
in the station waiting for a
train; pretty soon you will
get letters once and twice
a week.

We are having dandy
weather now, just like
summer in the States.

Yes I still get letters
from my girl in No.
Chelmsford she likes me
very much.

Sometime when we get

settled down I will have
my picture taken and
send you some.

I got another letter from
my boss and he wants
me to send him my
picture, the girls also
want one so I'll send them
all one.

Dora I wish I had a
picture of Mother's father
and your dda and Annie
send me one if you can.

The State of Mass is not
giving the ten dollars

4

a month any more.

The government will
send you \$15.00 a month
every month, when I get
home I will have quite
a roll.

I'll close now with love
and kisses from your loving
son. Dan. X X X X X

P.S. Send me Louis Kessler's
address and Annie Gross's
address.

I'll be 20 years old April 5.

Somewhere in France 3/23/18

Dear Annie:

I have much time to
write now but when I get
in camp I'll write you
a letter.

You see we cannot
write too many letters
but I'll write you one
soon.

from your big brother
Dan.
