KNIGHTS OF COLUMBUS  
WAR ACTIVITIES

May 29 1918

Dear Folks;

Just received two letters from you and was glad to hear from you, it was almost two weeks since we received any mail, the mail is very slow in coming to us these days.

In one of the letters I found a money order for \$10.00, no doubt the money will come in handy, but we just got two months pay a few days ago, so don't send any more of them.

I was glad to hear that you are all working and everybody at home are feeling O.K.

I am writing this letter from my dugout in the trenches, a few

shells just flew over but landed  
way in the rear.

I saw an air battle yesterday  
and three German planes were  
brought down. I guess it was about  
the fiftieth air fight since I've been  
in France.

The weather here has been great  
within the last two weeks no rain  
hardly, and the sun shines every  
day, I hope it keeps up.

No I wasn't wounded, I only  
had a big blister on my foot when  
I went to the hospital, if I was  
wounded you would be notified by  
the war department.

Well I haven't much more to  
write so I'll close hoping to hear  
from you soon I remain your  
loving son who is always thinking  
of you. Dan.

I sent Annie a letter last  
week.
