from him yet, do you get any mail from him.

I send you all my best regards also the people around that I know.

I hope I get more mail from you.

Corp. Daniel Douger.

P.S. Do you still get \$15.00 a month from Washington you are supposed to get it until the war ends. XXXXX

I would like to have some pictures from Mother & Father & Annie.

ON ACTIVE SERVICE
WITH THE
AMERICAN EXPEDITIONARY FORCE

July 3 1918

Dear Parents:-

Just a few lines to let you know that I am feeling well and hope to continue so.

I received a letter from you dated June 1. it was the first letter that I received from you for about a month. the mail has been coming in very slow I hope it picks up and receive mail more often.

I have been slack in writing, we haven't anything to write it's always the same thing as you know we cannot write everything we want.

We have been relieved at last but we are not in our rest camp yet, but we have traveled almost across France.

and rains and all the mud in the world is over here, I guess.

We are getting good food, plenty of fresh air and not much work so there is no kick coming.

I cannot send you any souvenirs until I get to a next camp, then I can get a pass to a big town and buy some souvenirs, but I'll send you some. I'll also try and have my picture taken.

Please send me all that I asked for in my previous letter as I need the stuff.

Do you get much mail from grandma, I'll bet she worries alot, because I know how she was when I was there.

I'll drop Kessler a letter soon, I wrote him a letter about two months ago but haven't heard

I received the first pictures that you sent me but not the Red Cross pictures but when this letter reaches you I will have them.

I have dreamt of home many times and talked to you all but we are many miles apart and I have hope of seeing you again, I hope its pretty quick.

Its about time we got relieved we have been on the go ever since February and have had some tough scraps and if we are not entitled to a rest nobody is, you probably read about this division, do you read much about my regiment in the New York papers?

We are having wonderful weather now, France is a dandy place in summer pretty scenery, but the fall, winter and spring it rains

The following is what I need
that I cannot get over here.

Eveready Razor Blades.

Williams Shaving Stick.

3 in 1 gun oil. send me
two 25¢ bottles.

Three in One is the name
of the oil.

H. Kingway
