OVERSEAS SERVICE

ON ACTIVE SERVICE WITH
AMERICAN EXPEDITIONARY FORCES

A. P. O. Villaines-Luce-Luce

DATE Feb 25-1919

Dear Folks:

Just a few lines to let you know that I'm feeling fine and hope to hear the same from you.

Well I suppose you are all anxious to see me well I'm just as anxious to see you and listen in about 7 or 8 weeks we will see each other.

We sail for America in April, there are 4 or 5 divisions sailing in April and this one the 26 will sail first so the order was read to us, lets hope nothing happens before then.

Three years ago to-day I joined the army and I'll be doing my reserve starting to-morrow.

Well its still raining it has been raining every day for the last two nights and we drill in the rain it makes no difference how the

weather is we drill rain or shine

Enclosed is a post-card picture
of the town I'm stationed in, its only
a small part of it but the house on
the corner with the crossover is
the billet I'm living in. Private
families live down stairs and the
soldiers live up stairs.

I cannot think of anything else
to write so I'll close with love and
kisses to all. XXXXX

Dad.

Regards to everybody.

Is everybody working?

Did Father have a good time in
Lowell?
