Dear Folks:-

I can let you know that I got back safe and every thing is O.K. I was six hours late I told them why and nothing was said. Words cannot express my happiness when I saw you all and I'm waiting for my discharge so I can go back and stay for good.

We parade in Boston the 25th and on the 27th or 28th we get our discharge the 104th will be first to get discharged.

I never dreamed of eating so good in the army as we are eating here. Every breakfast we get oranges and apples, for dinner pie and ice cream and for supper cake, we get this besides our good meal.

I'm waiting so I can go
back to New York and enjoy
myself for the first time in
two years and believe me I'll
have one good time.

Well I'll have to close
now I'm going to Gordon if I
can find him.

Regards to everybody.
